AVAILABLE FOR CHIC MEMBERS

DYNAMIC PURCHASING SYSTEM (DPS)

A FLEXIBLE ALTERNATIVE ROUTE TO MARKET

CHIC has a comprehensive DPS, offering a wide selection of categories across all service areas. Contract selection and awards under the DPS must be via a competitive mini tender; CHIC will support and guide members during the tender process, all run through the CHIC eSourcing portal.

Advantages to members of using the DPS are:

- Contractors and suppliers can join the relevant category at any time
- If leaseholder consultation is required (s20 works) for a project or programme, then the DPS still enables an efficient route to market
- CHIC agrees with the member the level of engagement they require.

All CHIC tendering opportunities and contract notices can be found on the:

CHIC ESOURCING PLATFORM

All contracts procured through CHIC's DPS must be via mini tender. CHIC invites the registered DPS contractors or suppliers to tender, following PCR 2015 regulations and your agreed specification, remaining compliant at all stages in the process. Those who are interested will enter the tender process and the most advantageous tender will be awarded to deliver the required services.

AGENCY

FATS NO. 2018/S 189-427433

AWARDED: 28/09/2018

CHIC's Agency Dynamic Purchasing System offers a compliant route to market for our members to access a range of agency staff across various specialisms. The DPS provides an efficient and cost effective way to recruit agency staff, ensuring you have access to qualified and experienced professionals who can deliver the services you need.

Agency staff are an important resource for social housing landlords because they provide flexibility and capacity to manage fluctuations in demand and workload. Agencies can provide access to a wide range of skilled professionals who can be quickly deployed to fill short-term or long-term gaps in staffing, cover absences, or provide additional resources for specific projects. In the social housing sector, agency staff can support a variety of functions such as housing services, IT, finance, HR, property management and governance.

Procurement plays a crucial role in ensuring that social housing landlords can access high quality agency staff that meet their needs. A compliant route to market helps to ensure that procurement processes are transparent, efficient and cost-effective. By using our DPS, your procurement processes can be streamlined, reducing the administrative burden and ensuring that your procurement practices comply with legal and regulatory requirements.
