CONVEYANCING

REF: 2021/S 000-023088

START: 16/11/2021

END: 14/11/2025

Accessible to all CHIC members, our single provider framework aims to cut the cost of conveyancing by reducing the disbursement fees for undertaking property searches such as local authority, drainage and environmental searches.

Typically managed by your legal firm, the national average cost for a standard disbursement search pack is estimated around £281 per property.

This includes the minimum search requirements for Local Authority searches, Drainage and Water and Environmental searches. Under the CHIC preferential rates, the same search pack can be delivered for a fixed cost of £175 per property, a saving of 37% against the national average.

Our framework partner, Searchflow, is a well-established, one-stop shop, conveyancing search provider in England and Wales, working with over 2,500 legal firms to deliver more than 1 million searches each year. They have tendered a full range of fixed costs for all multiple search options typically required.

Searchflow (Conveyancing Search Services)

SearchFlow is the market leading provider of conveyancing search solutions. Their comprehensive range of searches, surveys, identity checks and conveyancing insurance solutions are all designed to help you streamline the conveyancing process.
